WELCOME

Welcome to Vice & Co!

As you can probably tell by now, we don't sell any TVs or scart leads here.

Finding us was the hard part. Now it's time to take a seat and bask in our warming hospitality.

Have a browse through our extensive cocktail menu, a carefully curated list of the cocktails that have been created in house by our wonderful staff throughout the years. We also continue to add tipples through seasonal changes.

If nothing tickles your fancy we have a large range of spirits, beers and ciders; or why not ask the bartender to whip up something bespoke?

All classic cocktails are available upon request, just ask our servers or bartenders.

APÉRITIF

An apéritif - stemming from the Latin word aperire meaning 'to open' - is widely known as an alcoholic drink consumed prior to the meal. These, usually, spirit heavy drinks are used to whet the appetite and prepare you for the following courses by providing a base palate, opening up the taste buds.

DIGESTIFS

A digestif is an alcoholic drink served after a meal to aid digestion. Commonly served as a neat spirit or coffee that contain carminative herbs - digestif drinks tend to be a little heavier. Here at Vice & Co we've taken that further and over the years these digestif cocktails have been perfect caps to round off the night.
